

We are getting closer to reaching our 2019-2020 campaign goal, but we are not there yet. Investing in our community through United Way helps us serve our friends and neighbors in need, through our programs, and through those of our partner agencies. Teen Financial Literacy Video Contest

Teaching teens financial literacy before they graduate is essential to their success. United Way Montcalm-Ionia Counties is excited to announce its first Teen Financial Literacy Video Contest. This contest allows participants to research a topic of their choice and decide how to creatively teach others through a 90 second video. For more information, click on the link below. This contest is possible thanks to our sponsors:

IMPORTANT REMINDER:

April 1st is Census Day! The more people counted means more power and money for Michigan residents. Michigan stands to lose millions of dollars in federal support for programs that use census data. There is strength in numbers. When everyone counts, everyone wins. For more information visit [MiVoiceCounts](#) or [2020census.gov](#)
