Alpha Family Center - Greenville

When we moved to Greenville I was about 6 months pregnant and we weren't sure how we were going to get everything we needed before our baby was born. Then we heard about Alpha Family Center. We were able to get a new crib and car seat for our baby. We want to say thank you to United Way for giving Alpha the grant that they used to help us get the items we needed. - Sally (*Name changed to protect privacy)
